SEPTEMBER, 2026

We're Back!!!!

After a much needed break the ASPE South Florida Chapter is back for the 2026-2027 ASPE Year!

Here is what we have been up to this summer...

- **ASPE Region 3 Presidents Meeting – B Ocean Resort, Fort Lauderdale | June 5–6,**
The South Florida Chapter proudly hosted ASPE Region 3 leadership, bringing together representatives from 13 chapters across the southeastern United States to exchange ideas, discuss chapter initiatives, plan for the future, and strengthen collaboration throughout Region 3.
- **ASPE South Florida Chapter Topgolf Networking Event – Topgolf Doral | June 24,**
We wrapped up another successful chapter year with one of our favorite annual events! Members, sponsors, guests, and industry professionals gathered at Topgolf Doral for an evening of networking, relationship-building, and fun while celebrating another great year for the South Florida Chapter.

What You Need to Know This Month

- September General & Technical Meeting – September 10
– Join us at American Social Bar & Kitchen in Boca Raton from 6–8 PM. Maria Saenz of MIFAB will present “Guide to Interceptors,” covering grease interceptor selection, sizing, applications, and installation.
- 6th Annual Sporting Clay Shoot – November 13 – Join us at Quail Creek Sporting Ranch in Okeechobee for a day of networking, friendly competition, and fun with fellow industry professionals.

THANK YOU FOR SUPPORTING OUR CHAPTER

WE NEED YOUR TALENT!

Help us create engaging newsletters
that inform, inspire, and connect our
ASPE South Florida community.

Our newsletters keep our
members, partners, and
industry friends informed
about what's happening
in our chapter and beyond.

Be a part of
**SOMETHING
IMPORTANT.**
MAKE AN IMPACT!

THE ROLE

We're looking for someone who can help
create, design, and compile our monthly
newsletter.

YOU MIGHT ENJOY THIS IF YOU:

- ✓ Has an eye for design
- ✓ Enjoy writing or editing content
- ✓ Are organized and detail-oriented
- ✓ Like helping others stay informed
- ✓ Can commit to a few hours each month
- ✓ Working knowledge of Canva

WHAT YOU'LL DO

Gather content and updates

Design and format the newsletter

Proofread and finalize

Help with distribution (email)

Your time and talents
will help make a **BIG** impact!

INTERESTED?
**WE'D LOVE TO
HEAR FROM YOU!**

PRESIDENT'S MESSAGE - DAVID ERICKSON

Excited for What's Ahead

Greetings Members,

How fast did you burn through the summer months? I personally think we should have an additional 30 days. I am seriously ready to see all the friendly faces again and start networking with my ASPE family.

The 2026-2027 events will circle around the ASPE National Convention in OKC in October, I plan to fly out on Friday the 9th to start the festivities, meetings, and product information, it will be like drinking from a fire hose with all the manufactures. If you haven't signed up or booked your hotel, I would suggest getting that done sooner than later. Go to <https://aspe.org/> click on Convention/Expo & Symposium tab and select the tab to get the information that you need.

To start off our year we will be meeting at American Social 351 W Plaza Real, Boca Raton, FL 33432 on Thursday September 10th with networking starting at 6 pm and the technical meeting starting at 7 pm. You can go to the ASPE S FL website to sign up, here is the hyper link for the landing page: <https://aspeiami.com/>

Special Acknowledgements

2026 Chapter Sponsors:

Platinum: Harry Warren, MIFAB, PSI Engineered Solutions, ZURN-ELKAY Water Solutions, Mc Wane Plumbing Group.

Gold: CARR Company employee owned, GRUNDFOS, KOHLER, MOEN, Rheem/Commercial, SSA People Products Solutions, VIEGA.

Silver: CAGLE SALES INC, CALEFFI Hydronic Solutions, MARSH & MOORE INC, REHAU, Circuit Solver A ThermOmegaTech brand.

Bronze: Corzan material & piping solutions, PLUMBING CONTRACTORS Association, PLUMBERWAREHOUSE.COM, SPIRIT GROUP Est. 1994, NORTH STAR water treatment systems.

Manufactures play a vital role with supporting our chapter, they provide extremely helpful, and knowledgeable representatives, they provide financial support so to have these types of events.

I would like to express my gratitude to the ASPE S FL BOD for making this a successful event, there are many hours of hard work that go into preparing this event, please thank them when you see them.

New Members

Below are our new members that have joined over the past 30-60 days, please take time to speak with them at our next meeting to get to know them better.

- Raul Pineiro MDX Engineering
- Logan McClure P.E.
- Javier Solano RGD Consulting
- Jan Eystein Saeboe
- Seth Sekyere

Our Chapter is constantly looking for individuals to help us to become bigger, better, stronger, and to provide our members with educational opportunities to grow professionally. If you have any topics or locations that would benefit our meeting, please reach out to any of our board members.

Thank you for reading and feel free to reach out to me or any of our BOD if you have any questions or know of someone who is interested in joining the chapter and may need help to navigate through the process.

Summer Moments

STRONGER TOGETHER

This summer, I was grateful to slow down and spend quality time with my family. Having my older son back from college made the season extra special. We enjoyed making the most of our time together — from family gatherings and everyday moments at home to creating new memories with our two boys (and our furry family member!). These moments remind me how important balance is, and I'm recharged and excited for what's ahead this fall with our AsPE South Florida Chapter. I look forward to seeing all of you at our upcoming meeting and to a great year of learning, collaboration, and growth!

Elvira Pita-Mejia, PE

CALL FOR SPEAKERS
SHARE YOUR EXPERTISE!

We're always looking for engaging speakers for our upcoming chapter meetings. If you or someone you know has a topic to share — technical, industry trends, innovative solutions, or best practices — we'd love to hear from you!

- Share your knowledge
- Help us deliver valuable education
- Make an impact in our plumbing community

Interested in presenting at future meetings: Contact Elvira at epita@spiritgroupinc.com

6TH ANNUAL CLAY SHOOT

SPONSORSHIP LEVELS AVAILABLE

Platinum Sponsor - \$5,000 (2 available on first paid basis)

Includes: (2) 4-some shooting teams, cart, 2-gun rentals per team, ammo, company name/logo displayed on all event literature and emails, signage at 2 shooting stations, and on the sponsor board at the lunch & raffle area.

Gold Sponsor - \$3,500 (3 available on first paid basis)

Includes: (1) 4-some shooting teams, carts, 1 gun rental per team, ammo, company name/logo displayed on all event literature and emails, signage at 1 shooting station, & on the sponsor board in the lunch & raffle area.

Silver Sponsor - \$3,000 (3 available on first paid basis)

Includes: (1) 4-some shooting teams, carts, ammo, company name/logo displayed on all event literature and emails, signage at 1 shooting station, and on the sponsor board at the lunch & raffle area.

Raffle Sponsor - \$2,500 (3 available on first paid basis)

Includes: (1) 4-some shooting teams, carts, ammo, signage at 1 shooting station, and on the sponsor board at the lunch & raffle area.

Lunch Sponsor - \$2,500 (3 available on first paid basis)

Includes: (1) 4-some shooting teams, carts, ammo, signage at 1 shooting station, and on the sponsor board in the lunch & raffle area.

Swag Bag Sponsor - \$1,000

Includes: Company name/logo displayed at 1 shooting station, on or inside swag bag, and on the sponsor board in the lunch & raffle area.

Station Sponsor - \$150

Includes: Company name/logo displayed at 1 shooting station.

SEPTEMBER, 2026

VP MEMBERSHIP CORNER

ASPE: Growing Stronger Through Professional Connection

The American Society of Plumbing Engineers (ASPE) has experienced remarkable membership growth over the past five years, demonstrating that the organization continues to provide real value to today's plumbing engineering and design professionals. When the COVID-19 pandemic began in 2020, ASPE membership was approximately 6,300. Membership subsequently reached a low of just over 6,000 in August 2021. By August 2023, membership had climbed to 7,150, an increase of approximately 19 percent in just two years, and reached 7,275 by January 2024, the highest membership level in ASPE's history at that time. Today, ASPE reports more than 7,900 members worldwide. That represents **30 percent growth from the 2021 low point.**

This growth is more than a statistic; it reflects the value professionals place on being connected to their industry. ASPE provides a unique combination of technical education, professional development, networking, mentorship, certification, industry resources, and leadership opportunities. Members have access to webinars, workshops, CEUs, technical publications, ASPE Connect, the Plumbing Engineering Design Handbook, and opportunities to pursue CPD and CPD+ credentials. Members also receive discounts on educational programs, publications, events, and certification-related expenses.

Perhaps the greatest benefit, however, is the **people**. ASPE connects engineers, designers, contractors, manufacturers, representatives, code officials, educators, and other professionals through more than 60 local chapters. These relationships provide opportunities to exchange ideas, solve technical challenges, discover new technologies, develop business relationships, and advance careers.

ASPE's continued growth—and the recognition of chapters such as South Florida for membership growth, shows that professionals are finding greater value in being involved rather than simply being a member. **The more actively we participate, the more valuable ASPE becomes—not only to us individually, but to the future of the plumbing engineering profession.**

**SCOTT SMITH***VP of Membership*

GET INVOLVED. *Make an Impact.*

**CONNECT**

Build relationships and grow your network.

**LEARN**

Access technical education and resources.

**ADVANCE**

Strengthen your career and earn recognition.

**LEAD**

Get involved and help shape the future.

Stronger Together.
Stronger ASPE.

Keeping Our Chapter

CONNECTED & ORGANIZED

VANESSA LONDOÑO
ADMINISTRATIVE SECRETARY

A MESSAGE FROM VANESSA

Summer always seems to go by so quickly. It gives us time to enjoy family, travel, recharge, and step away from our normal routines for a little while. But now, as summer has come to an end, I am excited to welcome everyone back as we begin another year with the ASPE South Florida Chapter.

A new chapter year gives us the opportunity to reconnect, meet new people, continue learning, and strengthen the relationships that make our chapter special. Every meeting, technical presentation, networking event, and conversation gives us another opportunity to grow both personally and professionally.

As we start again, I encourage everyone to get involved. Attend our technical meetings, where we continue educating ourselves and learning new things that benefit us both personally and professionally. I also encourage you to invite a colleague, friend, engineer, or architect to join us. Introduce them to our chapter, help us grow, and take advantage of the many opportunities our chapter provides.

I am looking forward to seeing familiar faces again and welcoming new members throughout the year. Our goal is to continue growing our chapter year after year, strengthening our membership, building new relationships, and creating opportunities for everyone to learn, connect, and be involved. Together, we can continue making the ASPE South Florida Chapter stronger, more connected, and more successful each year.

Best regards,

Vanessa Londoño

Administrative Secretary
ASPE South Florida Chapter

Behind the Scenes

The Administrative Secretary plays a vital role in the day-to-day success of our chapter.

From recording all our meetings to supporting other Board members, Vanessa helps keep everything running seamlessly.

Her dedication, organization, and attention to detail ensure our chapter stays strong, connected, and moving forward.

Thank you, Vanessa,
for all you do for ASPE South Florida!

A modern bathroom vanity setup featuring a long, white, rectangular countertop with two integrated sinks. The countertop is supported by a dark grey cabinet with four doors. Above the countertop, two large, rectangular mirrors are mounted on a wall with a vertical wood grain pattern. Four circular pendant lights hang from the ceiling, illuminating the vanity. The floor is dark grey tile.

KOHLER®

Constellation™ Lavatory System

Specification, installation, and maintenance made easy.

Compact Boosting Pump

GRUNDFOS CMBE TWIN

The Grundfos CMBE Twin is a booster pump for water supply and commercial boosting applications. The CMBE Twin Booster system consists of two CMBE pumps connected in parallel and mounted on a base plate with a Grundfos built manifold. The CMBE pumps will alternate to ensure the same number of operating hours until high flow is needed, and the pumps will run together.

The CMBE twin offers constant pressure and high comfort thanks to the variable-speed motor, noiseless operation and built-in protection against dry running. A pressure sensor monitoring the discharge pressure allows for the CMBE twin to adjust motor speed or signal for the second pump to start, adapting to changing system demands.

The integrated speed control enables the CMBE to maintain a constant pressure in the pipe system and offers a solution for a variety of applications such as:

- Apartment buildings
- Schools
- Small hotels
- Office buildings

KEY FEATURES AND BENEFITS

- Cascade control - ensures that pump two starts in case high flow is needed
- Pump alternation - keeps operating hours even between the pumps
- Multi-Master - both pumps can be the control unit
- Dry running protection
- Grundfos manufactures all CMBE Twin components
- All-in-one solution including pump, motor, tank, pressure and flow sensor, controller, check valve, fuse box, base plate and manifold
- High efficiency ECM motor
- Available in three different CMBE sizes
- Available in both 1x115V and 1x200-240V
- Communication capable with CIM cards
- Wireless communication between the two CMBE pumps
- Low noise (57dB or less in typical use)

APPLICATIONS

- Residential and commercial boosting
- Water supply from wells
- Irrigation
- Domestic fire suppression

Commercial

Rheem® IKONIC Commercial Tankless

Provides Installation Flexibility and Delivers Energy Savings

- Versatile Venting Materials
- Manifold up to 32 Units
- Pre-Built or Build on Site Rack Options
- Common Vent Length up to 170'
- Conversion Kit Available for Outdoor Applications
- 98% Thermal Efficiency

SPIRIT
GROUP

*Proudly Represented by **Spirit Group** in the
State of Florida*

WOMAN OF ASPE LIAISON

*Empowering Women,
Strengthening Our Industry.*

ASPE is committed to advancing the role of women in plumbing engineering and the built environment. Through the Women of ASPE (WOA) initiative, we celebrate the achievements of women, create opportunities for growth and leadership, and foster a supportive community that inspires the next generation.

Women of ASPE: Connect, Learn & Lead in Oklahoma City

This October, Women of ASPE (WOA) will come together for a full day dedicated to connection, professional growth, and leadership at the 2026 ASPE Convention & Expo in Oklahoma City. The WOA Leadership Forum will take place Friday, October 9, from 8:00 a.m. to 5:00 p.m. at the Oklahoma City Convention Center, Room 302A. Held just before the Convention & Expo gets into full swing, the forum provides an opportunity for women throughout the plumbing design industry to connect with peers from across the country, exchange experiences, and gain practical insights they can bring back to their careers and local chapters.

This year's Leadership Forum features three speakers and topics focused on navigating careers, building sustainable success, and strengthening leadership skills:

Jennifer Nakayama

Drinking Water, Orca Whales, Hawaiian Palm Trees... Career Growth is Not Always a Linear Pathway

Charli Matthews Carruth

Designing a Career and Life That Lasts

Cyndi Wentland, MBA

Having Difficult Conversations

Beyond the educational sessions, one of the greatest benefits of the WOA Leadership Forum is the opportunity to build relationships with other women in our industry. Whether you're an engineer, designer, manufacturer representative, student, or industry professional, the day is an opportunity to share ideas, learn from one another, and strengthen the network of women helping shape the future of plumbing engineering.

Join Us in Oklahoma City!

The 2026 ASPE Convention & Expo runs October 8-14, with the Expo taking place October 12-13. The WOA Leadership Forum requires advance registration and an additional fee, so attendees interested in participating should be sure to include the forum when making their Convention plans.

We encourage our ASPE South Florida Chapter members and friends attending the Convention to take advantage of this special opportunity. Come ready to learn, make new connections, reconnect with familiar faces, and leave Oklahoma City inspired.

We look forward to seeing Women of ASPE represented in Oklahoma City!

Together,

SEPTEMBER, 2026

EDUCATION CORNER

INVESTING IN KNOWLEDGE. BUILDING A STRONGER TOMORROW.

Welcome back! Hope everyone had a safe and eventful summer! Summer 2026 was a season of extremes. Across the U.S., record heatwaves swept through cities, pushing infrastructure (including plumbing systems) to their limits. Water conservation became a hot topic, literally. On the flip side, many people embraced eco-tourism, outdoor adventures, and smart home upgrades—including plumbing tech that saves water and energy. Plumbing engineering is no longer just about pipes and pressure—it's about smart systems, sustainability, and software. From AI-powered leak detection to eco-friendly fixtures, the field is adapting fast to meet the demands of modern living and climate-conscious consumers.

ASPE South Florida

The ASPE South Florida Chapter is kicking off the 2026–2027 year with energy, innovation, and a packed calendar of events that reflect the evolving world of plumbing engineering.

The Board of Directors launched this year with a high-energy meeting at my house this Saturday, 8/29/2026.

Upcoming Events

Here's what's lined up so far:

October 8–14, 2026

ASPE Convention and Expo

Oklahoma City, Oklahoma

Nov 13, 2026

6th Annual Sporting Clay Shoot

Quail Creek Sporting Ranch, Okeechobee

A day of fun, food, and friendly competition

With a fresh board, exciting events, and a focus on modern plumbing solutions, the ASPE South Florida Chapter is setting the tone for a bold and impactful year. Whether you're a seasoned engineer or new to the field, this year will offer plenty of opportunities to learn, connect, and lead.

If you have any questions or would like to share any hot topics that might be informative to our viewers, please feel free to email me at kylestottlemeyer@gmail.com. Thank you for taking the time to read each month's articles.

Best Regards,

Kyle Stottlemeyer

Education Chair

“Education is the foundation for progress in our industry.”

EDUCATION PROVIDES:

KNOWLEDGE

Stay current with codes, technologies, and best practices.

PROFESSIONAL GROWTH

Develop skills that advance your career.

CONTINUING EDUCATION

Earn CEUs and pursue CPD & CPDT credentials.

CONNECTIONS

Learn from industry experts and collaborate with peers.

Install It And *Forget It.*

Balancing domestic hot water recirculation systems has never been easier with CircuitSolver® – the market's first and leading thermostatic balancing valve.

NEWSLETTER

SEPTEMBER, 2026

WELCOME BACK, ASPE SOUTH FLORIDA!

A NEW YEAR. NEW OPPORTUNITIES.

FREDDY HERNANDEZ

Affiliate Liaison

Now, it's time to get back to ASPE!

As we begin our 2026–2027 ASPE South Florida year, there is a lot to look forward to. We have another year ahead of us filled with opportunities for education, networking, professional growth, industry events, and most importantly, strengthening the relationships that make our chapter what it is.

One of the greatest benefits of being part of ASPE is the opportunity to connect with others in our industry. Whether you are an engineer, designer, manufacturer, representative, contractor, student, or young professional, there is always an opportunity to learn from one another, share experiences, and build relationships that extend well beyond our monthly meetings.

This year, I encourage everyone to take advantage of those opportunities to travel, attend events, and introduce yourself to someone you haven't before. Bring a colleague or someone new to the industry. There more we'll participate, the stronger our South Florida Chapter becomes.

GET INVOLVED WITH YOUR CHAPTER

As we begin the new year, we are also looking for members who would like to become more involved and help support the chapter. You don't have to make a major time commitment to make a difference. Sometimes simply simplifying your time, sharing an idea, contributing your experience, or helping when an opportunity comes up can have a positive impact on our chapter.

We are currently looking for someone interested in serving as our **Newsletter Editor**. This is a great opportunity for a member who wants to be more involved with ASPE and help us continue communicating the various aspects of concerns, events, and stories happening throughout our South Florida Chapter.

Getting involved is also one of the best ways to get more from your ASPE membership. It allows you to meet more people throughout our industry, grow your professional network, develop new relationships and leadership skills, and play a role in the continued success of our chapter.

As we come back from summer break, let's make the most of the year ahead. We have plenty of opportunities coming in **2026–2027**, and I look forward to seeing familiar faces, welcoming new members, and continuing to grow together.

*Welcome back, ASPE South Florida.
Let's make 2026–2027 a great year!*

Ambassador

**CONNECTING PEOPLE.
CREATING OPPORTUNITIES.**

Hector Rivera Memorial Fishing Tournament | Key West

One of the most meaningful moments of the summer was joining friends and members of the plumbing community in Key West for the Hector Rivera Memorial Fishing Tournament.

It was a weekend dedicated to celebrating Hector's life through what he loved most: shop talk, good people and fishing.

A special thank you to Gloria Salazar for continuing to keep Hector's memory alive and bringing our industry together in his honor. Fair winds, calm seas, and Rest in Plumbing, Hector. ❤️

Welcome back, ASPE South Florida. Let's make the next year even better

– Rollie Rivera

SUMMER BREAK CLOSING OUT THE ASPE SOUTH FLORIDA YEAR

As ASPE South Florida wrapped up another chapter year, summer gave us a chance to step away from the monthly meetings while staying connected to the people and organizations that make our plumbing community strong.

We closed out the year with continued industry involvement, networking, contractor support and time spent strengthening relationships throughout South Florida.

STAYING CONNECTED

ASPE South Florida BOD summer planning meeting and PCA's fishing tournament shows how we all can strengthen the relationships between engineers, contractors, manufacturers, representatives and suppliers across our industry.

LOOKING AHEAD

Another ASPE South Florida year is in the books, and we are proud of what the chapter accomplished together. During our recent short- and long-term summer meeting we are excited for the future of this chapter with new event on the horizon, technical dinner meeting at new locations, and hopefully some new members on the board of directors.

September is our time to reconnect, get everyone back into the interacting mindset and begin another year of education, networking and growing the South Florida plumbing community.

BIRTHDAYS & ANNIVERSARIES

TO OUR AMAZING MEMBERS!

We're grateful for each of you and the unique contributions you make to the ASPE South Florida Chapter. Join us in celebrating our members with birthdays and work anniversaries this month!
