

MONTHLY NEWSLETTER

☀️ Summer Is Here in South Florida! ☀️

As we welcome the sunshine, longer days, and vibrant energy of June, this will be our final newsletter until September 2026.

Before you settle into summer mode, we encourage everyone to take a quick look at the upcoming events. We have some great opportunities to connect, learn, and continue building relationships within our South Florida Chapter.

Most importantly, we want to recognize and thank *our incredible sponsors*. Your generous support throughout the year has made it possible for us deliver meaningful programs and events for our members.

👏 **Thank You for Your Continued Support!** 👏

Presidents Report David Erickson

Greetings Members,

June 2026, and we are through Q2 just like that, the summer is now upon us, and we can start our vacations with our families.

We have our May meeting was at Famous Dave's BBQ where Brent Taylor provided us with a fantastic presentation on Thermal Expansion & Design Considerations for Domestic Water Heating and Hydronic Applications. Our June Tabletop Show will be at Top Golf in Doral where we will have some networking fun with our industry colleagues. Our official summer break is July, August, and September will start the second half of our year.

If you are interested in joining us at Top Golf in Doral, FL, you can click on this hyper link and scroll down and click on the view details button and sign up.

Special Acknowledgements

I would like to acknowledge the significant others of our entire BOD, they allow their husband, wife, partner, or finance give back to the S FL Chapter and the industry, without this sacrifice we would not be able to grow and educate our local members on the innovative products that become available every year.

New Members

Below are our new members that have joined over the past 30-60 days, please take time to speak with them at our next meeting to get to know them better.

- New Members for this month
- Ryan Grelle with Florida Hydronics
- Rima Azarie

Our Chapter is constantly looking for individuals to help us to become bigger, better, stronger, and to provide our members with educational opportunities to grow professionally. If you have any topics or locations that would benefit our meeting, please reach out to any of our board members. Additionally, we are in search of a VP Legislative board member- this position is typically held by an inspector or engineer that help the chapter stay current on codes and standards.

Thank you for reading and feel free to reach out to me or any of our BOD if you have any questions or know of someone who is interested in joining the chapter and may need help to navigate through the process.

Technical News Elvira Pita-Mejia — Chapter VP – Technical

A Remarkable Year for the ASPE South Florida Chapter

As the 2025–2026 chapter year comes to a close this June, the American Society of Plumbing Engineers South Florida Chapter reflects on an incredible year filled with growth, collaboration, education, and connection.

From technical presentations and networking events to community involvement and regional leadership, this year showcased the strength and dedication of our members, sponsors, and industry partners.

Throughout the year, members attended engaging General & Technical Meetings featuring industry experts and timely educational topics. We also enjoyed memorable events, including our annual Clay Shoot, the inaugural ASPE Region 3 Topgolf Tournament, and the Women of ASPE Galentine’s events. And if that wasn’t enough, this month we will be hosting the ASPE Region 3 President’s Meeting where 13 chapters from the southeastern United States will be coming together to share ideas, plan for the future, and support one another.

To close out another successful chapter year, we look forward to ending the season with one of our favorite events — our annual Topgolf Networking Event. This event has become a great opportunity for members, sponsors, and guests to connect in a relaxed and fun environment while celebrating another outstanding year for the chapter. The event will be held on Wednesday, June 24, 2026 at TopGolf, Doral. If you are interested in joining us, please register at link below.

[ASPE Miami Chapter - Meeting/Event Information](#)

As we wrap up another successful year, we thank everyone who helped make 2025–2026 such a memorable one and look forward to another exciting year ahead for the American Society of Plumbing Engineers South Florida Chapter.

“Stay in the know”

Don’t forget to follow us on “LinkedIn”!

We are regularly posting information on our chapter and upcoming events.

Membership Corner—Scott Smith (VP Membership)

The American Society of Plumbing Engineers is hosting the industry's biggest event of the year: the 2026 ASPE Convention & Expo October 8–14 at the Oklahoma City Convention Center. It combines the country's largest plumbing trade show with hands-on education and networking.

Highlights of the 2026 program include:

- The 2026 ASPE Expo: Taking place October 12–13, this massive exhibition hall will feature hundreds of top manufacturers showcasing cutting-edge plumbing products, sustainable designs, and hands-on innovations.
- Technical Education Program: Attendees can sit in on 25 different sessions ranging from healthcare systems and fire protection to water reuse, offering the opportunity to earn CEUs for certifications.
- Networking & Fun: You can attend the Sunday Night Party presented by NIBCO Inc. (featuring pickleball, lawn games, and live music), the Women of ASPE Leadership Forum, and an evening specifically geared toward ASPE Young Professionals (AYP).
- Green Plumbing Design Workshops: ASPE is offering specialized workshops focusing on water-efficient technology, residential conservation, and sustainable product selection.

-

This is a great opportunity to see the latest and greatest technology and speak with the manufacturers that bring it to market. Lots of technical classes to maintain those CEU's. Many manufacturers host events in the evening hours, allowing a more relaxed atmosphere.

The ASPE Convention & Expo is one of the best industry events and if possible, you should try to attend.

MIFAB® HDPE Interceptors Now Approved in

Trusted 99% efficiency.

Officially listed for DERM compliance.

MIFAB's® full line of "-99" HDPE grease interceptors are now officially approved by the Miami-Dade County Department of Environmental Resources Management (DERM). These units are engineered to provide high performance and compliance for a wide range of food service applications. From smaller kitchens to large operations, with all models meeting stringent grease removal and durability requirements.

Education Chairperson / Treasurer - Kyle Stottlemeyer

Welcome! Whether you are new to the American Society of Plumbing Engineers (ASPE) or a long-standing member, our South Florida Chapter is proud to support your professional journey in plumbing engineering and design. ASPE continues to be the premier organization dedicated to elevating industry expertise through education, certification, networking, and community. One of ASPE's core missions is to strengthen the profession through recognized and respected certification and credentialing programs. Members can take advantage of:

- Certified in Plumbing Design (CPD) – ASPE's highest professional certification, validating advanced skills in plumbing system design.
- Certified Plumbing Design Technician (CPDT) – Ideal for early-career professionals seeking to establish foundational competency.
- Green Plumbing Design (GPD) Certificate – Offered in partnership with the International Association of Plumbing and Mechanical Officials (IAPMO), focused on sustainable plumbing system strategies.

These programs not only help you build technical mastery but also support long-term career growth, credibility, and continuing education. ASPE also provides resources to help maintain certifications, CEUs, and state licensure requirements so you stay compliant and competitive.

Mark your calendars—our industry's signature national event is coming in 2026! The ASPE Convention & Expo will take place October 8–14, 2026, in Oklahoma City, Oklahoma.

- Convention: October 8–14
- Expo: October 12–13

ASPE TopGolf Networking Event – 2026 - Hope to see you all there!

- June 24, 2026
- 5:30 PM to 9:00 PM
- 11850 NW 22nd St.

Warm regards, Kyle Stottlemeyer

Education Chairperson, Treasurer - ASPE South Florida

As always, if you have any questions or would like to share any hot topics that might be informative to our viewers, please email me at kylestottlemeyer@gmail.com.

Thank you for taking the time to read each month's articles.

HARRY WARREN, INC

"Proudly Representing Quality Manufacturers Since 1968"

Who We Are

Harry Warren, Inc. is a leading manufacturers' representative company specializing in plumbing and mechanical products across Florida. Family owned for over 50 years, we've upheld the values of hard work, honesty, and integrity established by our founder, Harry Warren, and carried on today by the second and third generations.

Why Choose Us

- Extensive Manufacturer Network
- Multi-Channel Sales Expertise
- Superior Customer Service & Support
- Product Training & Education
- Innovative Sales Solutions
- Family Values with a Forward-Thinking Approach

The ASPE South Florida Chapter is proud to announce that we will be hosting the ASPE Region 3 Presidents Meeting this June 2026. This event will bring together chapter leaders and members from across the region to collaborate, share ideas, and continue advancing the plumbing engineering association

Hosting the Region 3 Presidents Meeting is an exciting opportunity for our chapter and reflects the continued dedication and hard work of our members, volunteers, and industry partners. Meetings such as these strengthen communication between chapters, encourage leadership development, and help promote the growth of ASPE throughout the region.

On behalf of the South Florida Chapter, I would also like to extend a sincere thank you to our sponsors for their generous support of this event. Your partnership and commitment to the industry help make gatherings like this possible, and we greatly appreciate your continued support of ASPE and our members.

We look forward to welcoming our Region 3 Presidents and guests to South Florida and are excited for a productive and successful meeting. Thank you to everyone who continues to support our chapter and the mission of ASPE.

Together, we make our chapter stronger. See you at the next event!

Sponsor Appreciation & Upcoming Events

Thanking our partners and highlighting the next opportunities to connect with ASPE South Florida.

Thank You to Our Sponsors

The ASPE South Florida Chapter would like to extend our sincere gratitude to all of our sponsors who supported the 2026 Region 3 Presidents Meeting. Your commitment and partnership helped make this event a success and allowed us to bring together leadership from across the region for meaningful conversations, collaboration, and continued growth within our industry.

Topgolf Sponsor Appreciation

We would also like to recognize and thank our Topgolf sponsors. Your continued support helps us create engaging networking opportunities for our members, engineers, vendors, manufacturers, and industry partners. Events like Topgolf give our chapter the ability to connect in a relaxed environment while continuing to strengthen professional relationships throughout South Florida.

Topgolf Registration Reminder

If you have not signed up for Topgolf yet, please register as soon as possible. Availability is limited, and this continues to be one of our most anticipated events of the year. Do not miss the opportunity to participate, network, and support the ASPE South Florida Chapter.

**SAVE THE
DATE**

**CLAY SHOOT -
NOVEMBER 13**

Sponsorship opportunities are opening soon.
Be ready to secure your spot early and join us
for one of our most exciting annual events.

We are grateful for every sponsor, member, and partner who continues to support ASPE South Florida. Your involvement helps us build stronger events, stronger relationships, and a stronger plumbing engineering community.

GET INVOLVED - SUPPORT THE INDUSTRY - CONNECT WITH LEADERS

MOEN

M•Power™ Below-Deck Sensor Operated Faucets

SLEEK NEW DESIGNS WITH SENSOR TECHNOLOGY

These redesigned M•Power Below-Deck Sensor Operated Faucets deliver superior benefits for commercial customers, such as, an updated look, simplified installation, effortless maintenance, optimal hygiene, flawless reliability and vandal-resistant operation for a longer life and lower lifetime cost. Moen® Commercial's new battery-life-extending technology allows M•Power faucets to function for up to 8 years with just four AA batteries.

Women of ASPE Elvira Pita-Mejia – WOA Liaison

Women of ASPE to Host Leadership Forum at ASPE Convention & Expo

Did you know the Women of ASPE will host the Leadership Forum at the ASPE Convention & Expo on Friday, October 9, 2026, in Oklahoma City. Join us for a day of practical leadership strategies, career-advancement tips, and peer mentorship designed for professionals at every stage.

The 2026 ASPE Convention & Expo promises to be one of the plumbing engineering industry's premier events, bringing together thousands of engineers, designers, contractors, manufacturers, and industry leaders from around the world in Oklahoma City from October 8-14, 2026. Hosted at the Oklahoma City Convention Center, the event will feature cutting-edge technical education sessions, networking opportunities, industry committee meetings, and the nation's largest plumbing product trade show dedicated exclusively to plumbing system design professionals.

Don't miss this chance to connect, learn, and grow—details and registration available in the at [ASPE.org](https://www.aspe.org).

If you'd like to learn more about Women of ASPE or get involved, feel free to reach out to me—I'd love to connect and share more.

Administrative Secretary - Vanessa Londoño

As Administrative Secretary for the South Florida Chapter of the American Society of Plumbing Engineers (ASPE), I continue to see firsthand the importance of leadership, networking, and industry involvement within our profession. Organizations like ASPE provide opportunities not only for education and professional growth, but also for building strong relationships throughout the plumbing engineering community.

One of the greatest strengths of our organization is the dedication of our members, volunteers, and industry partners who continue to support the mission of advancing the plumbing engineering profession. Through monthly meetings, educational events, and networking opportunities, we are able to bring professionals together to share knowledge, experiences, and ideas that help strengthen our industry.

We would like to thank everyone who joined us for our May monthly meeting at Famous Dave's. Thank you to everyone who attended the meeting and who participated in the 50/50 raffle. Special congratulations to the winners.

Congratulations to our winners:

- 50/50 Winner: Fernando Castillo — \$50 Prize
- RSVP Winner: Emilio Sorondo

Meeting Attendance:

- Total Guests: 23
- RSVP Guests: 21
- Walk-In Guests: 2

As we prepare to host the Presidents Meeting in June 2026, we are excited for the opportunity to welcome industry leaders and fellow ASPE members. The Presidents Meeting represents an opportunity to strengthen our chapter, build relationships, and continue growing together as professionals within the plumbing engineering community. On behalf of our chapter, I would also like to extend a sincere thank you to all of our sponsors for their continued support and contributions toward this upcoming event. Hope to see you in your next event.

Blessings,

Vanessa Londono

Constellation™ Lavatory System

Specification, installation, and maintenance made easy.

ASPE Young Professional—Nickolas D'Agostino

Young professionals, we are already halfway through the year. Maybe your plans have changed, you're at a new job, or starting new and challenging projects. The best investment in your career is developing relationships in the industry to help you develop as a professional no matter what situation you are in. ASPE general meetings allow for networking and educational opportunities to continue to grow your plumbing knowledge. Our first AYP event of the year will be on July 10 from 2-5pm. We will meet at a local bar for appetizers and drinks as we watch one of the biggest events on TV, the world cup.

In plumbing design, the invert elevation refers to the elevation of the interior bottom of a pipe. This measurement is critical for ensuring proper flow, as it dictates the slope and direction of drainage within a system. By carefully coordinating invert elevations between upstream and downstream piping, engineers can maintain gravity flow, prevent standing water, and avoid potential backups. Whether designing sanitary, storm, or kitchen waste piping, understanding and accurately documenting invert elevations is essential for both code compliance and constructability.

Corzan
MATERIAL & PIPING SOLUTIONS

PRECISELY ENGINEERED. REAL-WORLD TESTED.

Corzan® Material and Piping Solutions offer a complete tie-in to tap solution made up of Schedule 80 pipe & fittings, flanges, valves, and specialty adapter fittings including: MIP Threads x CPVC, FIP Threads x CPVC, Stub Out Elbows, and Male Sweat Adapters. Potable water systems designed with Corzan CPVC offer the best solution for reducing biofilm buildup and the growth of Legionella while being immune to degradation caused by standard disinfection procedures including Chlorine based disinfectants.

Performance Ratings

- Plenum rated for water distribution piping (ASTM E84-23)
- Conforms to NSF International Standards 61 and 14
- Withstands ANSIA/ASHRAE Guideline 188 water treatment protocols
- Innately resistant to corrosion, pitting and scaling
- Resists biofilm that can lead to waterborne illness
- Pressure rated for temperatures up to 200°F

Diverse Applications

- Academic Buildings
- Multi-Family Housing
- Hotels
- Hospitals
- Data Centers
- Power Generation
- Wastewater Treatment Plants
- Chemical Processing Facilities
