About ASPE

The American Society of Plumbing Engineers (ASPE) is the international organization for professionals skilled in the design, specification and inspection of plumbing systems. ASPE is dedicated to the advancement of the science of plumbing engineering, to the professional growth and advancement of its members and the health, welfare and safety of the public. The Society disseminates technical data and information, sponsors activities that facilitate interaction with fellow professionals, and, through research and education, expands the base of knowledge of the plumbing engineering industry. ASPE members are leaders in innovative plumbing design, effective materials and energy use, and the application of advanced techniques throughout the world.

Feroz Bhamani Award of Excellence-2024 Awarded to Kyle Stottlemeyer

2025 Chapter Sponsorship Program

Sold Out

Platinum Level – Contribution: \$2,100 (4 spots available)

- Your company will be included in all ASPE advertisements for the entire year, Including web site banner.
- Full page advertisement in the South Florida Chapter newsletter for a full year.
- A complimentary full page insert in the South Florida Chapter newsletter – once per year.
- Two (2) pre-paid ASPE Memberships for one-year.
- One (1) table for the display of products at the June 2025 Top Golf Experience & Product Show
- One VIP Bay (up to 6 players) at the June 2025 Top Golf Experience
- One free entry for each of the ASPE South Florida Chapter monthly meetings during the 2025 calendar year.

Gold Level – Contribution: \$1,800

- Your company will be included in all ASPE advertisements for the entire year, Including web site banner.
- Full page advertisement in the South Florida Chapter newsletter for a full year.
- One (1) pre-paid ASPE Memberships for one-year.
- One (1) table for the display of products at the June 2025 Top Golf Experience & Product Show
- (3) tickets to the June 2025 Top Golf Experience
- One free entry for up to four of the ASPE South Florida Chapter monthly meetings during the 2025 calendar year

Silver Level – Contribution: \$1,300

- Your company will be included in all ASPE advertisements for the entire year.
- One-Half (1/2) page advertisement in the South Florida Chapter newsletter for a full year.
- One (1) table for the display of products at the June 2025 Top Golf Experience & Product Show
- (2) tickets to the June 2025 Top Golf Experience

Bronze Level – Contribution: \$800

- Your company will be included in all ASPE advertisements for the entire year.
- One-Half (1/2) page advertisement in the South Florida Chapter newsletter for a full year.
- (1) ticket to the June 2025 Top Golf Experience

Presidents Report

David Erickson — President

Greetings Members,

Merry Christmas and Happy New Year

The December meeting was held at TAP 42 in Fort Lauderdale and was a social gathering that was given the name of "S FL Chapter Christmas Party". We had approximately

26ish that attended, we had heavy finger food/appetizers and beverages. If you were not able to attend this year you should plan on attending the 2025 experience gets better every year.

Every year the South Florida Chapter Board of Director come together and vote on who they feel has gone above and beyond their responsibilities as a board member. During the Christmas party this award was presented; The Feroz Bhamani Award of Merit was extended to Kyle Stottlemeyer Chapter Treasurer. Kyle has shown valuable effort towards growing the chapter by offering his assistance outside of his treasurer duties. Kyle made numerous trips to the bank to ensure that the paperwork was in order when he assumed the responsibility. Every technical meeting he is working the sign in desk with Elvira and assists Chris Robulock with the 50/50 funds at the same time. Kyle has unselfishly help with the annual clay shoot by purchasing the raffle prizes, makes sure that those prizes are at the event, assembles the swag bags with Scott Smith and a group of volunteers. More than likely there are more things that Kyle does for this chapter that I have overlooked. Thank you, Kyle, you are a good man, and we are extremely luck to have you on our team.

Our Chapter is constantly looking for individuals to help us to become bigger, better, stronger, and to provide our members with educational opportunities to grow professionally. If you have any topics or locations that would benefit our meeting, please reach out to any of our board members.

Special Acknowledgements

- I am acknowledging the entire BOD for their effort in continuously making this chapter the best chapter to be associated with. During multiple technical meetings and events, I have been pulled aside by members, and presenters to discuss the environment/vibe/feeling that they experience while attending. The compliments are overwhelming on the feeling of acceptance, acknowledgement at the meetings. Presenters typically say that they love coming to S FL because of the atmosphere is so welcoming.

Technical News

Elvira Pita-Mejia - VP Technical

Happy New Year everyone! I hope you enjoyed a peaceful holiday season surrounded by loved ones. I am looking forward for 2025 and all it has to offer.

[This year we have a great line-up of speakers for our monthly meetings and hope to have you all join us. This month](#)

January 9, 2025 – ASPE South Florida Chapter General and Technical Meeting

This year we have a great line-up of speakers for our monthly meetings and hope to have you all join us. This month

Chris Soderholm with WATER CONTROL CORPORATION will be presenting on: "DOMESTIC WATER TREATMENT A-Z". Chris Soderholm with Soderholm & Associates will cover basic water chemistry, issues commonly dealt with in commercial buildings, and common methods for treatment.

The meeting will be held at Maggiano's Little Italy in Boca Raton, FL. For more information and to register, click link below:

[aspemiami.com/meeting info](https://aspemiami.com/meeting-info)

If you are interested in presenting at an upcoming Technical meeting please contact me at epita@spiritgroupinc.com

April 7-18, 2025 – ASPE The Certified in Plumbing Design Examination

Calling all engineers and design professionals! Registration for the 2025 CPD exam is opening soon. The CPD exam or also known as [The Certified in Plumbing Design Examination](#) has been developed by the American Society of Plumbing Engineers to provide professional recognition of qualified individuals who design plumbing systems. The examination is held via remote proctor from April 7-18.

For more information, click link below

<https://aspe.org/education-credentialing/cpd/exam/>

September 24-28, 2025 - ASPE Tech Symposium, 2025

The 2025 ASPE Tech Symposium is a 2.5-day conference being held at the Rosen Centre Hotel in Orlando, Florida. This is a premier opportunity for plumbing engineers and designers at all career levels to engage in productive technical exchanges and networking.

If you are interested in attending our finding out more, please click on link below:

2024 CPD Exam Dates: April 15–26

The deadline to register is April 1, 2024

The Certified in Plumbing Design (CPD) program is an international certification program for engineers and designers of plumbing systems. Completion of the CPD program and examination confers upon the successful candidate the designation Certified in Plumbing Design (CPD). The certification program provides the profession, the plumbing industry, and the general public with a single, comprehensive qualification of professional competence for engineers and designers of plumbing systems.

The CPD, which is the only international credential program in the plumbing engineering field, sets the standard for leadership within the industry and provides formal recognition of outstanding professionals with advanced skills in the design and specification of plumbing systems.

The CPD designation is designed to:

- Establish specific standards for professional competence in the field.
- Identify and recognize those individuals who successfully demonstrate their acquired knowledge and abilities.
- Encourage plumbing engineers to participate in a continuing program of professional development.
- Enhance the status of plumbing engineering as a unique discipline.

Do you want to know why the plumbing industry's elite choose to earn the CPD credential? Contact an ASPE South Florida Board Member for details.

BEST POWER FOR THE TOUGHEST JOBS

POWER OUTPUT AND CAPABILITIES

HIGHER STARTING WATTS vs. GAS

LEARN MORE

or visit
<https://qr.mke.tl/29dx>

- Many power tools require an initial surge of energy within the first second, called Starting Watts or Peak Watts.
- Once the tools has started up and leveled off, this is knows as Continuous Watts or Running Watts.
- Some gas solutions will stall within seconds because they don't have sufficient Staring Watts for multiple high draw tools.

CAPACITY / RUN-TIME

Jorge Megias—Administrative Secretary

Secretary's Note—January 2024

It's December... I think it is time to wrap up business and concentrate on what is most important to all of us... our families and friends. Therefore, my message today will be short and simple.

My gift ideas for you...

May the next year continue to bring us the fellowship we find not only in our monthly meetings, but also in the many activities both social and educational.

To my fellow board members, affiliates and all our chapter members...

To you and your families...

Until we meet again... May the Peace and Joy of Christmas be with us all and may we find 2025 to be a year of healing and prosperity!

STAY HEALTHY MY FRIENDS!

Jorge

Women of ASPE

Elvira Pita-Mejia - Women of ASPE

WOMEN OF ASPE (WOA) REPORT

Happy New Year All! We are happy for the exciting things the Women of ASPE have in store this year.

To begin with, I have been invited to represent Women of ASPE and speak at the upcoming Women in ASHRAE Breakfast where we will delve into the topic of *Work-Life Balance*. This engaging session will explore strategies to thrive in the demanding world of building sciences and engineering while maintaining personal well-being.

Featuring insights from industry leaders and personal stories from professionals at various career stages, this event will offer practical tips for prioritizing what matters most, setting boundaries, and fostering a fulfilling career. Whether you're just starting out or well-established in your field, this conversation is designed to empower and equip you to define success on your own terms.

The event will be held on February 10, 2025 from 7:00 am to 8:30 am at the Hilton Orlando, Orlando I-II (Lower Level)

We encourage everyone to join our community! Please contact me at epita@spiritgroupinc.com and I will get you signed up.

Sincerely,

Elvira Pita-Mejia

Affiliate Liaison Report

Alfredo Hernandez — Affiliate Liaison

As we wrap up 2024, we want to extend a heartfelt thank you to our incredible sponsors who have supported ASPE throughout the year. Your commitment plays a vital role in enabling us to continue providing valuable resources and opportunities for our members. We truly appreciate your partnership, and we look forward to continued success in the years ahead.

Looking ahead to 2025, we are excited to announce that our sponsorship opportunities are now open! Whether you're looking to showcase your brand at our events or support the growth of the plumbing engineering community, there are a variety of ways to get involved. We invite you to become a sponsor and help shape the future of ASPE.

Speaking of events, we are thrilled to share that the 2025 ASPE Trade Show will be held at Topgolf in June 2025! This dynamic venue will provide a unique setting for networking, learning, and fun. The event will feature innovative products and services from leading industry vendors, offering an excellent opportunity to connect with peers and discover the latest trends in the plumbing engineering field.

Stay tuned for more details as we approach the event, and don't miss out on the chance to be part of this exciting gathering!

Thank you again to our 2024 sponsors, and we can't wait to see you all at Topgolf in June 2025!

A modern bathroom vanity setup featuring a long, white, rectangular countertop with two integrated sinks. The countertop is supported by a dark grey cabinet with two large doors. Above the countertop, two large, rectangular mirrors are mounted on a wall with a vertical wood grain pattern. Four spherical pendant lights hang from the ceiling, illuminating the vanity. The floor is made of large, dark grey tiles. The Kohler logo is prominently displayed in the upper right corner.

KOHLER®

Constellation™ Lavatory System

Specification, installation, and maintenance made easy.

VP-Legislative Report

Christopher M. Robulock VP-Legislative

Greetings Members,

I hope you all had a great holiday with friends and family. Have you made your new year's resolution to help improve health and wealth? Are you ready? Try or learn something every day!

On December 12th, 2024, we had our holiday party at Tap 42 in Fort Lauderdale, 1411 S Andrews Ave. This event was great to wrap up the year and be grateful to our ASPE members. A big shout out to our board member Kyle Stottlemyer, for receiving an outstanding contribution award for helping the chapter grow.

Just an FYI....At our technical meetings, your attendance will automatically enter you to win a trip to an ASPE event, so don't miss out!

Register today!!

I sat through a webinar regarding the impact that this bill will have. SB 7040 Stormwater Rule Compliance & Density Increase Presentation will be in affect December 28th, 2025. This bill was submitted on January 18th, 2024 and went through the process unopposed to being signed by Governor Ron Desantis on June 28th, 2024. Florida recently passed new stormwater regulations, and development projects may be challenged with meeting highly restrictive nitrogen and phosphorus reductions. The senate bill is the reduce more than 80% of the nitrogen and phosphorus in the storm water, where a typical retention pond will remove approximately 40%. We will try to set up a meeting soon. Currently there are resources that will introduce you to commercial building solutions that reuse rainwater, stormwater and graywater for toilet flushing, irrigation, cooling towers and other non-potable uses. This senate bill will promote a lesser impact of storm water impact and build more on a property. I like the idea of capturing that rainwater and utilizing it for the irrigation system, toilets and other non-potable water sources. Benefits—reduce on your retention, storm ponds and the maintenance on the storm ponds, reduce your stormwater infrastructure and reduce potable water consumption. Come join us and learn something every day!

Thank you for reading and feel free to reach out to me or any of our BOD if you have any questions or know of someone who is interested in joining the chapter and may need help to navigate through the process.

Christopher M. Robulock ASPE SFL Chapter- VP-Legislative

Brands include Aquatic, Aker, Bootz, Dreamline, Hamilton & Maax.

Line of tools and accessories including Irwin and Lenox.

Faucets, shower heads And accessories that are An affordable solution for Home remodeling & Multi-family projects.

Full line of commercial stainless steel sinks Including hand & scullery.

Pipe support systems: hangers, clamps, struts and fittings.*

Solderless AC piping system.

Backflows, Press Fittings, Valves, Grooved Fittings & Elkhart Products.

Decorative door hardware, knobs and pulls in a variety of styles and finishes.

Shower, pool or any other outdoor space drains made in 100% Stainless Steel Marine 316.

Industry brushes, twisted and wired brushes, abrasives, PTFE thread sealants, hand tools and accessories.

Propane and natural gas corrugated stainless steel gas piping & Python solderless AC piping system for commercial and residential.*
