About ASPE

The American Society of Plumbing Engineers (ASPE) is the international organization for professionals skilled in the design, specification and inspection of plumbing systems. ASPE is dedicated to the advancement of the science of plumbing engineering, to the professional growth and advancement of its members and the health, welfare and safety of the public.

The Society disseminates technical data and information, sponsors activities that facilitate interaction with fellow professionals, and, through research and education, expands the base of knowledge of the plumbing engineering industry. ASPE members are leaders in innovative plumbing design, effective

Presidents Report

David Erickson — President

Greetings Members,

Our meeting in Broward was very educational presentation by Michael Wilson and his team, 26 in attendance to learn about Continuous vs. gapping of in place pipe lining process. ASPE S FL Chapter Badges are continuously being order so make sure you see me to fill

out the form and get yours ordered at our next meeting.

Our June meeting will be at Bowlero in Dania Beach, this will be our tabletop event so make sure you contact one of the board members to get on a team.

The meeting will be held on Thursday June 13 and the doors open at 5pm.

Our Chapter is constantly looking for individuals to help us to become bigger, better, stronger and to provide our members with educational opportunities to grow professionally. If you have any topics or locations that would benefit our meeting, please reach out to any of our board members.

New Members

Below are our new members that have joined over the past 30 days, please take time to speak with them at our next meeting to get to know them better.

Andres Faza-MOEN
James Austin-SSA FL
Juan Carlos Martinez

Open Positions on the South Florida Chapter

The following positions are still open and need to be filled so if you are a member in good standing, please contact one of the BODS for additional information: [Corresponding Secretary](#), [AYP Liaison](#).

ASPE News you can Use.

ASPE National will be holding the Green Plumbing Design (GPD) Workshop at their headquarters in Rosemont, IL; an easily accessible suburb northwest of Chicago, on May 16-17, 2024. This is the first in-person GPD Workshop that has been offered in years, providing those who prefer personal interaction with the instructor, Doug Nelson, PE, GPD, an excellent opportunity to earn their GPD designation. The workshop will run from 9 am to 5 pm on Thursday May 16 and 9 am to 4 pm on Friday May 17. The Workshop will be held at ASPE National Headquarters 6400 Shafer Court, Rosemont, IL. 60018 Cost: \$500 for ASPE members in good standing and \$600 for nonmembers. https://education.aspe.org/products/green-plumbing-design?_gl=1*yxggxb*_ga*MTA1OTg5MTYwNS4xNjc1OTYzMTM0*_ga_F3FFZNK5J9*MTcxMjYxNTIwMS4yMS4xLjE3MTI2MTUyMTcuMC4wLjA.

Technical News

Elvira Pita-Mejia — Chapter VP-Technical

VICE PRESIDENT, TECHNICAL REPORT

Summer is almost here! While we prepare for our last technical meeting of our ASPE year, I would like to thank all the members, sponsors, speakers and guests who have helped make our Chapter a success. We will be taking a break for the summer, but we will be back in September to start our 2024-25 ASPE year! Enjoy your summer everyone!

I would like to thank our presenter and sponsor last month. Mr Michael Wilson and Loren Wilson presented on “Continuous vs Gapped Cured-in-Place pipe Rehabilitation Methodology and Code Review”.

June 13, 2024 – ASPE South Florida Chapter – Bowling Tournament and Tabletop Show

It's almost here! The ASPE South Florida Chapter Bowling Tournament and Tabletop Show is scheduled for the evening of June 18, 2024 starting at 5:30 at Bowlero, Dania Beach. We are happy to announce that all sponsorships for this event are sold out!

A few important reminders:

If you are a sponsor at this event, please check your emails for information on presenting at the tabletop portion of the event.

If you are an engineer, designer, contractors or building officials and are interested in joining us for an evening of fun please contact any of our Board members. We have spots reserved for you!

October 18-23, 2024 - ASPE Convention & EXPO, 2024

Don't forget to register for the ASPE Convention and Expo being held in Columbus, Ohio from October 18-23, 2024.

Click on link below to register:

Technical News

U.S. DOE Finalizes Efficiency Standards for Water Heaters

The U.S. Department of Energy (DOE) has finalized Congressionally mandated energy-efficiency standards for a range of residential water heaters to save American households approximately \$7.6 billion per year on their energy and water bills, while significantly cutting energy waste and harmful carbon pollution. The final standards for residential water heaters align with recommendations from various stakeholders, including efficiency and environmental advocates, the Consumer Federation of America, and a leading U.S. water heater manufacturer. The standards would require the most common-sized electric water heaters to achieve efficiency gains with heat pump technology, helping to accelerate the deployment of this cost-effective, clean energy technology while also reducing strain on the electric grid.

To find out more about this new standard, follow link below.

<https://aspe.org/pipeline/u-s-doe-finalizes-efficiency-standards-for-water-heaters/>

VALUE ENGINEERING: QUALITY NEVER GOES OUT OF STYLE

**Learn more about the benefits of
using a cast iron plumbing system.**

Don't Value-Engineer the Quality Out of Your System

Don't value-engineer the performance out of your next DWV plumbing project. Consider the true cost of installation when comparing piping solutions.

Reach out to your local Tech Services rep to schedule a time to go over the ASPE approved CEU Value-Engineering Considerations presentation.

McWanePlumbingTechServices.com/contact

Membership Corner

Scott Smith — Chapter VP-Membership

Making the most of your ASPE Membership

MEMBER BENEFIT TIP #14 – Expand your knowledge and earn CEU's

ASPE produces webinars for members to expand their knowledge of plumbing systems and design. Members pay about half the price as nonmembers and if the webinar is sponsored, members can participate for free, so this is a great member benefit. You can access current webinars as well as every webinar ASPE has ever held at ASPE Education. Don't forget to recommend these to your colleagues and clients.

Through our special Read, Learn, Earn series, ASPE also can help you accumulate the CEUs required for maintaining your CPD or CPDT credential or other regulatory agency CEU programs for your Professional Engineer license. This benefit is free to members and \$35 for nonmembers. Download one of the articles, read, learn, and earn your CEUs. When you complete the payment screen, the system guides you through the questions and you can enter your answers directly into the system. (Note that members do NOT need to add a credit card.) Voila! If you get 90% correct, you will receive 0.1 CEU.

MEMBER BENEFIT TIP #15 – Track your CEU's

We've seen some extraordinary new things come out of ASPE in the past couple of years, but this benefit is as good as it gets. Did you know that you can track your CEUs on ASPE Education? Well, you can, and here is how:

1. Go to ASPE Education.
2. In the menu click on My Education. This takes you to your dashboard.
3. Under My Dashboard, click on Transcript/Achievements.

All of your ASPE-sponsored CEUs will already be populated in this table, but you can also add other CEUs from other sources. Simply click on the link toward the top of the table and the site will direct you to a page to add the session information and to upload a certificate.

This member benefit is invaluable in keeping your CEUs current, and it's only offered to members. Don't get caught empty-handed when the eventual audit for your credential comes around.

Admin. Secretary Report

Jorge Megias—Administrative Secretary

Our May technical meeting was held at Las Vegas Restaurant in Hallandale... Out first time in Broward this year, with great attendance:

- Total attendance of 26
 - * 26 RSVPs
- RSVP winner was Eric Slay
- Presentation on:
 - *Gapped Cured in place Rehabilitation Methodology and Code Review by Michael and Loren Wilson of Pipelining Technologies, Inc
 - *50/50 yielded \$125 winners Henry Salvador and Jorge Megias donated the full amount to the chapter.

***"YOU'RE ONLY AS GOOD
AS YOUR LAST MISTEAK"***

Our chapter continues to support our industry and its members in Miami-Dade, Broward, and Palm Beach counties. Our next last event before our summer break will be the Bowling and Tabletop Show on Thursday June 13th at Bowler in Dania. The event is sold out and teams are coming together already. We expect a great turnout for an evening of fellowship and fun.

The plans for the Clay Shoot on Thursday November 22nd are moving forward... sponsorships are going fast. Anyone interested in sponsoring or attending this event please check out information in this newsletter or on our website.

Last but not lease we hope to see all our members at the ASPE Convention coming up in October. We will have five people from our BOD attending and acting as delegates during the convention.

The BOD is also planning to offer an opportunity for an expense paid trip to the ASPE Convention to one of our active members... We will announce this as soon as we have all the final details.

Keep an eye out for notices in future newsletters for more information as the date draws closer. You can also reach out to me or any board member for information.

Women of ASPE

Elvira Pita-Mejia — WOA Liaison

This month we are highlighting why you should join our organization. Did you know that The WOA is committed to bringing together women and assisting them to achieve their professional and personal goals? We have Chapters all over the country and are looking for more women in the industry to join us.

For me, joining Women of ASPE really gave me a sense of community. It provided me with the necessary support from other women who are flourishing in a business which was traditionally dominated by men. We have come a long way and its in no small part due to our collaboration, grit and determination.

Please follow our LinkedIn page to find out more about who we are and to meet some amazing women that are part of WOA throughout the country.

<https://www.linkedin.com/showcase/women-of-aspe/posts/?feedView=all>

If you are interested in joining our organization, please contact me at epita@spiritgroupinc.com

Sincerely,
Elvira Pita-Mejia

Sponsored by

Women of ASPE®

Dedicated to **engaging**, **retaining**, and **advancing** women in the plumbing design industry through:

- Mentoring programs
- Membership outreach
- Partnerships with industry-related associations
- Educational and leadership offerings

About ASPE

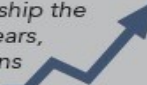

The American Society of Plumbing Engineers (ASPE) is the international organization for professionals skilled in the design, specification, inspection, and manufacture of plumbing systems. ASPE is dedicated to the advancement of the science of plumbing engineering, to the professional growth and advancement of its members, and to the health, welfare, and safety of the public.

ASPE was founded in 1964 and currently has more than 6,200 members. Spanning the globe, members are located in the United States, Canada, Asia, Mexico, South and Central America, the South Pacific, Australia, Europe, Africa, the Caribbean, and the Middle East. They represent an extensive network of experienced engineers, designers, contractors, educators, code officials, manufacturers, and manufacturer representatives interested in furthering their careers, the profession, and the industry.

Chapter Affiliate Liaison Report

Alfredo Hernandez — Affiliate Liaison

As we approach the halfway mark of 2024, the Association of South Florida Professional Engineers (ASPE) would like to express our sincere gratitude to all our 2024 chapter sponsors. Your generous support has played a pivotal role in our achievements thus far, and we are excited to share our progress with you.

Your commitment to ASPE has helped us foster a thriving community of professional engineers in South Florida. Without your contributions, our endeavors would not be possible, and we are truly grateful for your partnership.

We are thrilled to announce our upcoming June 13 bowling tournament, an exciting event that brings together professionals in the engineering field for a day of friendly competition and networking. As we prepare for this much-anticipated gathering, please invite your engineers.

By becoming a bronze level sponsor, your company will enjoy a range of benefits that extend beyond the bowling tournament. Your business will be included in advertisements throughout the remaining of the year, gaining exposure and recognition among our esteemed community of engineers. Furthermore, you will have the opportunity to feature a half-page advertisement in the South Florida Chapter newsletter for the remainder of the year, reaching a wider audience and showcasing your company's services.

For those interested in sponsoring our bowling tournament, please note that we may have a limited number of team spots open. This presents an excellent opportunity to involve your engineers and allow them to showcase their skills in a friendly and competitive environment. We encourage you to reach out to any of our team members to secure your spot and ensure your company's participation in this exciting event.

In conclusion, we would like to extend our heartfelt appreciation to all our 2024 chapter sponsors. We are eager to continue our journey together. We eagerly await the start of our meetings in August 2024 and look forward to seeing you there. Don't forget to mark your calendars for our June 13 bowling tournament, and that bronze level sponsorship opportunities are still available.

THERMOSETTER THERMAL BALANCING SET IT AND FORGET IT

ThermoSetter™ thermal balancing valves maintain precise temperature in recirculation return piping using state-of-the-art modulating control. **Setup is simple** and safe with an easy-to-read, lockable temperature adjustment dial. Enjoy **ease of maintenance** with serviceable cartridge. Models with bypass cartridges available for systems that provide thermal disinfection to control **Legionella bacteria**. Factory assemblies with isolation and check valves are available. **Approvals include compliance with the U.S. and Canadian plumbing codes. CALEFFI GUARANTEED.**

DESIGN, INNOVATION AND QUALITY IN ALL THE RIGHT PLACES.

We understand the unique demands of the commercial market. Our products go beyond excellent design to incorporate smart thinking and exceptional performance that stand the test of time, even in the most challenging environments. Combine that with superior service wherever and whenever you need it, and you're set.

Visit deltafaucet.com/commercial for more information.

VP-Legislative Report

Christopher Robulock— VP-Legislative

Greetings Members,

I hope you are all staying cool in this typical South Florida heat. We have to stay hydrated and avoid long exposure to the sun.

On June 13th 2024, We will be hosting our 2024 ASPE South Florida Chapter Bowling Tournament and Trade Show at Bowlero Dania Beach. 1841 Way Pointe Place Dania Beach, FL. This event will be exciting to everyone come together for a great networking experience, good times and bragging rights for the best bowler!!

Stayed tuned for the announcement of our 4th annual Sporting Clay Tournament.

Legislative news—CS/HB 1521, F.S. 553.865—Private Spaces (2023)—With the Florida Building Code (FBC) 8th Edition going into effect on December 31, 2023. The Governor's office was proactive against the FBC Plumbing 2023 403.2, Exception 5 Separate facilities shall not be required to be designated by sex where single-user toilets rooms are provided in accordance with Section 403.1.2. Exception 6 Separate facilities shall not be required where rooms having both water closets and lavatory fixtures are designed for use by both sexes and privacy for water closets is provided in accordance with Section 405.3.4. Urinals shall be located in an area visually separated from the remainder of the facility or each urinal that is provided shall be located in a stall. The Governor's office responded with the Florida Statute 553.865 Private spaces or aka "Safety in Private Spaces Act"-- The Legislature finds that females and males should be provided restrooms and changing facilities for their exclusive use, respective to their sex, in order to maintain public safety, decency, decorum, and privacy. This will apply to correctional institutions, detention facilities, education institutions, public buildings and juvenile correctional facilities.

Thank you for reading and feel free to reach out to me or any of our BOD if you have any questions or know of someone who is interested in joining the chapter and may need help to navigate through the process.
