About ASPE

The American Society of Plumbing Engineers (ASPE) is the international organization for professionals skilled in the design, specification and inspection of plumbing systems. ASPE is dedicated to the advancement of the science of plumbing engineering, to the professional growth and advancement of its members and the health, welfare and safety of the public.

The Society disseminates technical data and information, sponsors activities that facilitate interaction with fellow professionals, and, through research and education, expands the base of knowledge of the plumbing engineering industry. ASPE members are leaders in innovative plumbing design, effective materials and energy use, and the application of advanced techniques throughout the world.

The SOUTH FLORIDA NEWS is a publication of the South Florida Chapter of the American Society of Plumbing Engineers. The Society or Chapter assumes no responsibility for any advertisements, statements by any officer or member which may be construed as an approval or disapproval, or official position of the Society, of the material contained herein. Local Chapters are not authorized to speak for the Society.

ASPE Connect

ASPE Connect: One of the Best Things ASPE Has Done in Years

- Since the launch of ASPE Connect—the hottest online community for plumbing industry professionals—thousands of plumbing engineers and designers from around the world have benefited from its shared knowledge and expertise on a daily basis. In our Open Forum, you can get quick answers and advice from numerous experts, often within minutes. ASPE Connect is free for ASPE members and we also offer a 30-day trial for nonmembers, so what are you waiting for...Click below

Presidents Report

David Erickson — President

Greetings Members,

We experienced our first cold front and a day of very little humidity; boy am I looking forward to experiencing a couple more days like that in the future.

Our first meeting in Boca Raton is in the books with a great turnout at Maggiano's Little Italy. Alexa Porter did a fantastic job presenting on Wireless leak detection for residential and commercial applications.

I am happy to announce that Christopher Robulock Chief Plumbing Inspector for the City of Sunrise will be joining the BOD as our VP Legislative. Chris has been a member with the chapter for 3 years and will bring a wealth of knowledge for us on plumbing codes and standards.

Our next meeting will be held on Thursday Nov. 9th at Famous Dave's BBQ in Doral with Kevin Freidt with Caleffi presenting on how to control Legionella in DHW Recirculating Systems using Thermal Disinfection.

Our Chapter is constantly looking for individuals to help us to become bigger, better, and stronger and to provide our members with educational opportunities to grow professionally. If you have any topics or locations that would benefit our meeting, please reach out to any of our board members.

Special Acknowledgements

I would like to thank Alexa Porter for answering the plethora of questions after her presentation, I believe Alexa holds the record for questions asked after a presentation.

Technical News

Elvira Pita-Mejia — Chapter VP-Technical

VICE PRESIDENT, TECHNICAL REPORT

On behalf of the ASPE South Florida Chapter, we extend a heartfelt thank you to Alexa Porter From Watts Technologies for an outstanding presentation Flow Based Sensor Technology—Water Leak Detection Systems for Commercial Applications at our October 2023 meeting.

Your dedication to advancing the industry and your willingness to share your expertise are truly commendable. Thank you, Alexa, for your exemplary contribution to the ASPE South Florida Chapter.

November 09, 2023 – ASPE South Florida Chapter – November 2023, Technical Meeting

We are back at “The 305” this month and can’t wait to see you all at our monthly membership and technical meeting being held at Famous Dave’s, Doral. This month Kevin Freidt from Caleffi will be joining us to present on “*How to control Legionella in DHW Recirculation Systems using Thermal Disinfection.*”

The evening will start with a social hour from 6-7pm followed by dinner and a technical presentation.

For more information and to register, please click here:

P.E. EXAM IN FIRE PROTECTION ENGINEERING REVIEW COURSE

The Society of Fire Protection Engineers (SFPE), the world’s leading professional society for fire protection and fire safety engineering, announces the opening of registration for its [Principles and Practice of Engineering \(PE\) Fire Protection Exam Review Course](#). This course begins November 28, 2023 and runs through April 2024—conveniently scheduled to support candidates preparing for the Fire Protection Engineering PE Exam on April 16, 2024.

Technical News

Taught by 10 expert instructors with backgrounds across all areas of fire protection engineering, the SFPE PE Exam Review Course leverages the deep knowledge from SFPE's member community to prepare candidates for the PE Exam in Fire Protection Engineering. All courses are live, online, and conveniently offered twice weekly with recorded sessions available on-demand afterward. Additional review sessions, online discussions, practice problems, and office hours with the instructors are included—providing the comprehensive preparation needed to head into the exam with confidence.

To find out more and register please click here:

<https://www.aspe.org/pipeline/registration-is-open-for-fire-protection-engineering-pe-exam-review-course/>

Membership Corner

Scott Smith — Chapter VP-Membership

The American Society of Plumbing Engineers (ASPE) is an important organization in the field of plumbing engineering. It is a professional society that focuses on advancing the science and practice of plumbing engineering. ASPE provides a platform for plumbing engineers to network, share knowledge, and stay updated on the latest developments in the industry.

ASPE plays a crucial role in setting standards and codes for plumbing systems, ensuring safety, efficiency, and sustainability. The organization also offers educational programs, certifications, and resources to help professionals enhance their skills and stay current with industry trends.

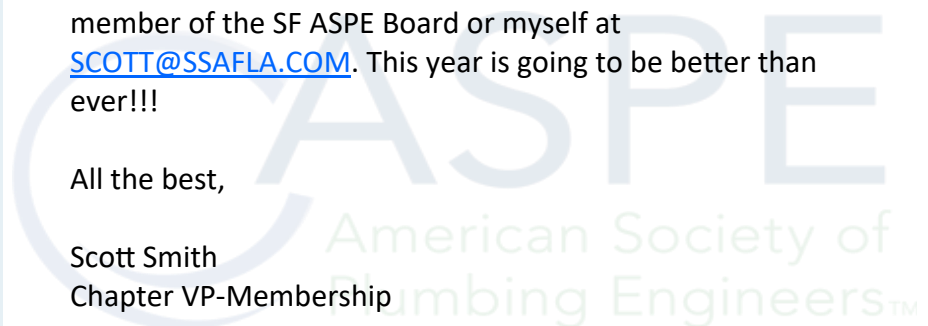

Additionally, ASPE advocates for the plumbing engineering profession, working with government agencies, industry stakeholders, and other organizations to promote the importance of plumbing engineering in building design, construction, and maintenance.

In summary, the American Society of Plumbing Engineers is important because it brings together professionals in the field, sets standards, provides education and resources, and advocates for the plumbing engineering profession.

Add to your calendars!! The ASPE South Florida chapter will be hosting the 3rd Annual Clay Shoot event on November 17th, 2023. If you wish to participate, please contact any member of the SF ASPE Board or myself at SCOTT@SSAFLA.COM. This year is going to be better than ever!!!

All the best,

Scott Smith
Chapter VP-Membership

Admin. Secretary Report

Jorge Megias—Administrative Secretary

Working our way to the end of 2023 and our chapter continues to do great.

Our meeting at Maggiano's Little Italy in Boca Raton was the first to be held in Palm Beach County. We had a great turnout and very interesting topic presented by Watts... here are some highlights of the evening:

- Total attendance of 22... With more than half sending RSVP. We appreciate getting your RSVPs, which allows us to properly plan for your needs.
- Great presentation by Alexa Porter. Business Development Manager with Watts Water Technologies... covering the new methods of wireless leak detection in residential and commercial applications.
- Social Hour Beverages covered by Watts Water Technologies.
- Our 50/50 yielded \$260, won by Raj Hingoo with MG Engineering, who donated the proceeds back to the chapter... THANKS RAJ!
- Our RSVP winner was my old friend Fred Gardner with Harry Warren.

The sponsorships spots for the annual Clay Shoot are almost sold out. We're all looking forward to another great event full of networking and comradery. Teams are almost complete but there may be some spots still open... Don't wait to reserve!

"Don't sweat the petty things and don't pet the sweaty things."

~ George Carlin

Thanks to all the affiliate members for the great support to our chapter, we appreciate all you do. We also appreciate all our members for promoting and attending our meetings and social events... They keep growing in attendance, with excellent opportunities to enjoy great fellowship, know each other and our industry better.

Be on the lookout for information about our November meeting at Famous Dave's in Doral... Hope to see everyone there!

God Bless!

Jorge Megias
Administrative Secretary

Affiliate Report

Josh Barnhart—Affiliate Liaison

The South Florida ASPE Chapter, has been dedicated to planning for upcoming 3rd Annual ASPE South Florida Clay Shoot Event. Board members are actively posting this event message through social media, contacting manufacturers for support, engineers, contractors. The chapter still has open spots for groups interested in participating as sponsorship in upcoming November 17th Clay Shoot Event.

The BOD would like to recognize for month of October, sponsorships for upcoming 3rd Annual South Florida Clay Shoot event. Thank you to **Thompson & Youngross** Engineer Consultants for their Silver Level sponsorship. **Mifab & SSA** have signed up as a swag bag level sponsorship. **Rheem & Apollo Valves** have signed up as lunch level Sponsorships. Also, added three new station level sponsorships, **Caleffi**, **Matco Norca**, and **Milwaukee**.

Again, everyone's generosity to the chapter, and recognizing how important these events, improves the chapter culture. This will be an event you don't want to miss this year. Can't wait to see everyone next month!

Please contact Scott Smith scott@ssafla.com and Josh Barnhart jbarnhart@carrcompany.com, regarding questions with membership changes. We are here to make your experience with ASPE South Florida Chapter a first class experience.

Thank you,

Josh Barnhart
Affiliate Liaison

SUSTAINABLE SOLUTIONS, **PROVEN PERFORMANCE**

Zurn has trench drain solutions for every project. We're continuously focused on water control, safety and conservation. We offer the most versatile trench drainage systems available, to satisfy your project requirements, including custom designs when standard won't do.

Enjoy our expert support, time and money savings, high quality and superior flow rates. With on-time delivery, low cost of installation, and ease of handling, we don't just sell drains — we sell solutions.

Women of ASPE

Elvira Pita-Mejia — WOA Liaison

When I started my professional career as an engineer many years ago there were few women in the industry. I was fortunate enough that my first boss was a female engineer. Through her mentoring I was able to successfully navigate through the early days of my career. However, that was not the norm. There were few women in the plumbing industry and we really had to fight for our seat at the table. Luckily, we have come a long way and with the help of organizations like Women of ASPE, women in the industry are growing and flourishing every day. Women of ASPE (WOA) mission is to engage, retain and advance women in the plumbing design industry, through education, leadership development, and networking opportunities. The WOA is committed to bringing together women and assisting them to achieve their professional and personal goals. We encourage all women and members to join us as we continue to advance and support women in the industry. As the Region 3 Liaison, I am looking forward to meeting each of you and hopefully doing some local events in 2023. If you have any ideas, please contact me directly. epita@spiritgroupinc.com 305-519-3021

Education Update

Kyle Stottlemeyer—Education Chairman

Hope everyone is safe and healthy!

Hope to see everyone at this year's Clay shoot, this will be taking place November 17th. Please mark it on your calendars. We will be having our Technical meeting November 9, 2023, we will be in Miami @ Famous Dave's. Remember these will always be held on the second Thursday of the month. Our chapter continues to grow, please keep spreading the good word and inviting fellow colleagues and friends to our technical meetings.

We will be looking to fill our open spots for our monthly technical meetings. So if you or your company might be interested in presenting, or might know anyone that is, please feel free to reach out to Elvira or myself and we can get you registered. We are always open to holding our monthly meetings at new venues, if you might know of a good location, please share that with us as well.

Going forward if anyone has any questions or would like to share any hot topics that might be informational to our viewers, please feel free to drop me an email @ kylestottlemeyer@gmail.com.

Thank you for taking time out to read each month's articles.

Kind regards,

Kyle Stottlemeyer
Education Chairman

Chapter Ambassador Report

Alfredo Hernandez — Chapter Ambassador

Greetings members!

As the newly appointed Ambassador of ASPE South Florida, I am thrilled to embark on a journey of empowerment, collaboration, and community building. It is an honor to be entrusted with this role and to have the opportunity to contribute to the growth and success of our local chapter.

ASPE, the American Society of Plumbing Engineers, is an esteemed organization dedicated to advancing the plumbing engineering profession through education, networking, and technical expertise. Being chosen as an ambassador is a testament to my commitment to the industry and my passion for fostering connections among professionals in the field.

One of my primary goals as the ASPE South Florida Ambassador is to provide a platform for knowledge sharing and professional development. By organizing regular events, seminars, and workshops, we can create opportunities for members to expand their skill sets, stay up-to-date with industry trends, and enhance their overall expertise. Through these initiatives, we aim to empower our members to excel in their careers and make a meaningful impact on the plumbing engineering community.

Additionally, I am dedicated to fostering a sense of camaraderie and collaboration among ASPE members. Building a strong network of professionals is vital to our collective success. By organizing networking events and encouraging meaningful interactions, we can establish lasting connections that will support our members throughout their professional journeys. Together, we can create an environment that promotes collaboration, innovation, and mutual growth.

Community outreach and engagement are also at the heart of our mission. As the ASPE South Florida Ambassador, I am committed to organizing initiatives that contribute to the well-being of our local communities. Whether it's participating in volunteer activities, supporting educational programs, or raising awareness about water conservation, we will strive to make a positive impact beyond our professional endeavors.

Chapter Ambassador Report

Alfredo Hernandez — Chapter Ambassador

I invite all plumbing engineering professionals and enthusiasts in South Florida to join us in this exciting journey. By becoming a member of ASPE South Florida, you will gain access to a wealth of resources, educational opportunities, and a vibrant network of like-minded individuals.

If you have any questions, suggestions, or would like to get involved, please feel free to reach out to me. I am here to support you and ensure that your experience as an ASPE member is enriching and rewarding.

Contact Information:

Phone: 305-497-1248

Email: Fhernandez@marshmoore.com

Together, let us embrace this opportunity to empower ourselves, strengthen our profession, and create a positive impact on the plumbing engineering community. I am excited to serve as your Ambassador and look forward to an incredible journey ahead.

Sincerely,

Thanks,

Freddy Hernandez
Chapter Ambassador
