About ASPE

The American Society of Plumbing Engineers (ASPE) is the international organization for professionals skilled in the design, specification and inspection of plumbing systems. ASPE is dedicated to the advancement of the science of plumbing engineering, to the professional growth and advancement of its members and the health, welfare and safety of the public.

The Society disseminates technical data and information, sponsors activities that facilitate interaction with fellow professionals, and, through research and education, expands the base of knowledge of the plumbing engineering industry. ASPE members are leaders in innovative plumbing design, effective materials and energy use, and the application of advanced techniques throughout the world.

The SOUTH FLORIDA NEWS is a publication of the South Florida Chapter of the American Society of Plumbing Engineers. The Society or Chapter assumes no responsibility for any advertisements, statements by any officer or member which may be construed as an approval or disapproval, or official position of the Society, of the material contained herein. Coming to the
2022 ASPE Convention & Expo
This September

Get Geared Up for ASPE Racing at Indy

We are pleased to announce that the Eastern Michigan Chapter will be hosting ASPE Racing at Indy during the 2022 ASPE Convention & Expo, and all Chapters are invited to participate.

WHAT IS ASPE RACING AT INDY?

ASPE Racing at Indy is similar to a pinewood derby event of Scouts BSA. It will be a timed race in which each car will race four times once in each lane of the four-lane track, thus eliminating any lane advantage. The four race times will be totaled and averaged through a computerized timing system to provide an official race time for each car that will be used in determining awards and prizes. [Eastern Michigan Chapter](#) members will serve as the pit crew for the event, and the Chapter's VPL, William Grayzar, CPD, GPD, will serve as the Master of Ceremonies.

OFFICIAL RACE CAR KIT AND SPECIFICATIONS

A car kit will be supplied to each Chapter free of charge by the Eastern Michigan Chapter. The car kits will be the same as those used in the Scouts BSA program.

Racecars are to be constructed within the following parameters. (Also see the instructions included with your official car kit.)

CAR #: You will be provided with an official car number that must appear in some fashion on the top and/or side(s) of your race car.

WEIGHT: 5 ounces maximum (but can be lighter)—minimum weight of 4 ounces is suggested.

LENGTH: 7 inches maximum (but can be shorter).

WIDTH: 2¾ inches maximum, and 1¼ inches minimum between the front wheels and the same between the rear wheels; otherwise, your car will not fit over the track guide rail.

CLEARANCE: 3/8 inches minimum from the bottom of the car to the track (rail) top; otherwise, your car will not clear the track guide rail.

WHEELS: You must use the wheels supplied with your official car kit (or similar BSA official racing wheels available at your local scouting shop).

AXLES: Axles do not necessarily have to be placed in the pre-drilled slots, but the axles (nails) supplied in your car kit **MUST** be utilized.

- >> No bearings, moving, or loose parts are allowed ANYWHERE on or in the car.
- >> The car shall not ride on any kind or type of spring.
- >> Graphite (or dry lubricant) may be added to the wheels until the car is registered and weighed in, but not after. No liquid or oil-based lubricants will be allowed as they can ruin the racing surface.
- >> Magnets are not allowed anywhere on the car as they may interfere with the timing system.

REGISTRATION AND WEIGH IN

1. All cars must be registered and weighed in to be eligible to participate in the event. Members of the Eastern Michigan Chapter will weigh in and collect and impound the racecars during check-in and registration at the ASPE Convention & Expo.
2. If a car is not in compliance with the specifications outlined above, it will be disqualified and will not be eligible to receive awards and prizes. However, at the discretion of the race official, the car may still be allowed to race.
3. If you can't be present for the registration and weigh in period at the Convention & Expo but still wish to participate, please contact the Eastern Michigan Chapter to make arrangements to register and weigh in your car.
4. Cars will be collected and impounded (retained) by the race staff until completion of the event, at which time they will be returned to the participants.

QUESTIONS?

Contact Bill Grayzar at bill@dsdonline.com. The Eastern Michigan Chapter looks forward to racing with you at Indy in September!

2022 Bowling Tournament

Our June meeting was a tabletop and bowling tournament held at Bowlero Lanes in Dania Beach. We had over 80 people in attendance and a good time was had by everyone in attendance. The chapter would like to thank all of our sponsors for helping to make this event a huge success.

Presidents Report

2021—It Was A Very Good Year!

It is now that time of year that we all look forward to...summer. Time for vacations and relaxing with our family and friends.

This has been a very special year for the South Florida Chapter...we have seen our membership grow from 70 members to over 80 since last September. That is outstanding growth for any chapter...and it

could not happen without our members and our chapter officers. At this point in time, I have to say that our current chapter officers are the hardest working group of people that I have had the pleasure to work with. They have devoted their time to help make our chapter one of the best in the country.

The technical sessions have been on the cutting edge with new information. We have had some excellent topics and beginning in September we will have a whole list of topics that will give all of us a better understanding of our industry.

Our social and fund raising events have been very successful and will continue to get better as time goes on. For those of you that were at the June Bowling Tournament saw the largest crowd show up for any event that the chapter has ever held. We are already getting close to being sold out for the Sporting Clay Tournament in November. So you can see that we are a growing chapter.

I hope that everyone has a great summer and I am looking forward to seeing you at the September Chapter Meeting & Technical Session. For those of you who will be attending the ASPE Convention in Indianapolis, IN, I am confident that you will have a great time and learn so much for the classes and vendor meetings.

Have a Safe Summer Season,

"Live in the sunshine. Swim in the sea. Drink in the wild air."

– Ralph Waldo Emerson

Last month we ended our 2021-22 ASPE South Florida Chapter year with an amazing bowling tournament and tabletop show. There were over 80 participants that joined us for a night of fun. It was truly a memorable night. We wanted to thank all of you for making it a success. Our chapter continues to grow and its because of everyone from the technical speakers, the members, the sponsors, to the entire plumbing community. We could not have done it without you. We hope you all enjoy your summer, and we look forward to seeing you all again in the fall.

Stay Well,
Elvira Pita-Mejia

Commercial Water

INSTALLS EASY. WORKS HARD.

TRITON[®]

With flexible venting options and multiple connection points, Triton[®] replaces other brands with ease. And with built-to-last construction, it keeps working when other water heaters want to quit. So once you install it, you won't have to worry about it for a long, long time.

THE MOST INTELLIGENT HIGH-EFFICIENCY GAS WATER HEATER ON THE MARKET PROVIDES:

- **Universal Retrofit** – Easy piping with a total of five water inlet and outlet connections
- **Systematic Health Checks** – Ensure the unit is performing
- **LeakSense™ & LeakGuard™** – Detect and prevent water leaks before they become a problem
- **Preventative Maintenance Alerts** – Allow you to establish ongoing service contracts

David Erickson — Chapter VP-Membership

Greetings Members,

I was fortunate to attend the 2022 Region 3 Presidents meeting in New Orleans and would like to relay information that we sometimes lose sight of:

- Did you know that there is a multiple year renewal? If you pay for 2 years save 5% or for 3 years and save 10%
- Did you know if you renew early that you can get a discount? As many as 125 members per quarter take advantage of this opportunity.
- Did you know that there is a discount for retired members?

The link below will take you to the ASPE National landing page to sign up as a new member or renew your membership.

<https://www.aspe.org/membership-global-community/join/>

As always; if you have any ASPE Membership questions please reach out to me or any of the South Florida Chapter ASPE Board Members.

Thank you for reading and have a great day.

Legislative News

Enrique (Henry) Salvador—VP-Legislative

Greetings and welcome to the June Newsletter. It has been one of the busiest years with new legislation in Tallahassee since I can remember. It has also been a busy year with construction in south Florida.

The higher cost of materials and labor did not stop the developers and builders from building, remodeling and altering commercial, industrial and residential properties here in South Florida.

I am really looking forward to this hot summer coming up with some down time. I want to thank our chapter members and our board members for an enjoyable and educational year. Have a safe and healthy summer...see you all at the September meeting.

Good luck and Thank You

Henry Salvador

Can you believe it....we are half way through 2022? June is almost over. Now stop, reflect on the first part of this year:

- Are you where you wanted to be?
- Are you maintaining communication with your business relationships?
- Are you branching out to meet new contacts?
- Ask yourself if you are doing everything you can to grow your business and list of contacts?

An option to grow your contacts and Industry visibility is to be a part of the growing South Florida ASPE Chapter. If you attended the 2nd annual ASPE South Florida Bowling Tournament at Bowlero June 9th, you were probably amazed at how many people attended. Yes, we are a rapidly growing Chapter. We had over 80 people attend the event. Manufacturers that setup tabletops were very pleased with the turnout and the number of members that stopped to speak with them. All in All, it was an outstanding event and a win/win for everyone.

Lets get back to the question, are you where you wanted to be mid-way through 2022? Consider sponsoring the South Florida ASPE Chapter. If meeting engineers, architects, contractors, or inspectors from Miami-Dade, Broward and Palm Beach Counties would benefit your business, you need to speak with us. Visit www.ASPEMIAMI.com for more information.

Have a Great Summer,

Scott Smith

Education Update

Kyle Stottlemeyer—Education Chairman

Here we are, already in July. It was great seeing everyone for the Bowling tournament. We had a great turnout and it looked to me that everyone was having a great time. We now look forward too our 2nd annual Clay shoot. I will share more information about that once it is available.

I am planning on taking my CPD exam next year. I would like to know if there is anyone else that will be studying for the exam as I will be? Please drop me an email and we can share information or questions here on my monthly articles.

Going forward, if anyone would like to share any hot topics that might be informational to our viewers, please feel free to drop me an email with your topic @ kylestottlemeyer@gmail.com. Thank you for taking time out to read this month's article.

See you in September,
